

## ACCS: In Tune with Chinese

### *Do you want to have fun with Chinese?*

We are happy to announce a new series of Mandarin classes called ‘InTune with Chinese (ITC)’.

These classes are open to all our current students and their partners or friends. It is suitable for beginners, intermediate or advanced students who are interested in improving their fluency skills in Chinese Mandarin in a fun and creative way.

Through the use of selected popular Chinese songs, you will improve your listening and speaking skills in Mandarin. You may even learn how to sing in Chinese! However, this is not karaoke.

Students learn best when they are having fun. With our **ITC** lessons, you can have fun singing in a group or individually or if you are shy, have a giggle watching others sing in Chinese. Most of all, you will be absorbing some new words of Chinese and getting in tune with the pinyin tones.

Our first session is on **Friday 17th September starting at 6.30pm at Ross House** till 9pm. Cost is only \$15 per person– you just need to bring a pen/pencil. Bring your dinner with you and if you wish, bring your spouses/partners/friends to join in the fun if they are wanting to learn some Chinese too. After the session, you have the option of going somewhere else for a bit of socialising or fun raising!
